INTRODUCTION

This is our 2nd brochure and once again has been produced by Sheffield Caption Support Group, Scene and Sound and Sheffield Royal Society for the Blind. We are all campaigning for sensory access to theatres, cinemas and the arts.

We wanted to produce a brochure where many different theatres could advertise their sensory performances all in one place. This would make it easier for people to find access performances across the Yorkshire region.

This brochure is in its infancy and we hope to produce further booklets, and hopefully obtain information from many more theatres.

All information is correct at time of going to print.

SCENE AND SOUND

Scene and Sound is a community group, which is currently run by volunteers. Our aim is to provide information about regional venues, both professional and amateur, for deaf, deafened, hard of hearing, blind, partially sighted and autistic people.

We have been working with Scene and Sound and hope that as well as this brochure, we can advertise performances on their fantastic website:
